FEATURED COIN SPECIALS FOR MID-JUNE

MACON & BRUNSWICK RAILROAD NOTES

Very Good

These one dollar and two dollar notes were “good for fares, freight, & all dues to the company.” Issued at a time when railroads were ubiquitous, these obsolete notes served as everyday currency. We offer one dollar and two dollar notes that have been punched. We only have a few of each so order early. Where else could you find these?

NEARLY COMPLETE SET 1793 TO 1857 HALF CENTS

We offer a virtually complete set of U.S. half cents from 1794 to 1857. The 1793 is an electrotype and the set is missing the 1796, 1802 and of course, the proof only 1836-1848 dates. Most of the major varieties are included: a total of 40 coins. The early dates average *Good* while the later dates go as high as *Extremely Fine*.

1799 OVER 8 LARGE CENT

Very Good Details “Damaged”

This 1799 large cent is the scarcest date in the series including the 1793 date. Only two obverse dies are known: the 1799 perfect date and the overdate 1799, 9 over 8. The 1799 cent has an estimated population of 175 to 200 coins with the overdate being a good deal scarcer than the perfect date. Grades above *Very Fine* are virtually unknown with most coins being lower than *Very Good*. The “damage” to this coin is a tiny almost unnoticeable rim bump at 8 o’clock. The coin has an appealing chocolate brown color and is much nicer than usually seen. Where else but the Coin Depot? Our coin saves you about \$5,000!

This early \$5 has a mint error: the dies are dashed so that part of the motto from the reverse shows on the obverse from 4 o'clock to 8 o'clock. Errors like these are very scarce on early gold pieces. This example has been lightly cleaned—saving you about \$2,500!
