**FEATURED COIN SPECIALS FOR MID-DECEMBER**

**1935 R & S EXPERIMENTAL SILVER CERTIFICATES**  
*VG/F*

Though dated 1935, these were actually minted on a single day in 1944 during World War II. There was a worry that materials could become tough to come by, so the mint experimented with a special test paper. It was overprinted with a red "S". The regular paper was overprinted with a red "R". The test was ultimately proven inconclusive and no change to the paper was made.
