**1799 OVER 8
LARGE CENT**

NGC Very Good Details

This 1799 large cent is the scarcest date in the series including the 1793 date. Only two obverse dies are known: the 1799 perfect date and the overdate 1799, 9 over 8. The 1799 cent has an estimated population of 175 to 200 coins with the overdate being a good deal scarcer than the perfect date. Grades above *Very Fine* are virtually unknown with most coins being lower than *Very Good*. The "damage" to this coin is a tiny almost unnoticeable rim bump at 8 o'clock. The coin has an appealing chocolate brown color and is much nicer than usually seen. Where else but the Coin Depot?

This note features George Washington and some call it the "mini-porthole" note as Washington's head is featured in a small oval.
