**1883 "NO CENTS"
V NICKEL**

Premium Quality BU

This was the first year and design of the liberty V nickel. It did not contain the word cents on the reverse. For this reason, people were gold plating them and passing them off as \$5 gold liberty coins. The mint realized the error and changed the coins to read Cents on all others minted from 1883-1912.

MODERN "HOBO" NICKELS

During the Depression (the 1930's, not 2020) hobos would often carve a beard and/or hat or onto a buffalo nickel. They would then try to trade it for a meal. Many of these are now considered rare art and sell into the thousands of dollars. While ours are modern day issues, they are still a lot of fun. Each one is made by hand and each one is different.
